Features:

1. Adopts PLC control,can storage for all kinds of product's formula.Program control production process.
2. According to different product's features,can be set spray capacity and spray time by program.
3. Edible grade PU belt .Paste will rotary in high speed with function of belt.
4. Electrical weigh automatic weigh
5. Full automatic program control
6. Automatic feeding system main consist of chocolate storage tank(chocolate insulation cylinder),chocolate slurry pump,stainless steel interlayer insulating pipe.

Technical parameters :

Belt Width	1500mm
Gross power	12kw
Environment temperature	20-25?
Main power	4kw
