800kg/h Fully Automatic Gummy Manufacturing Equipment

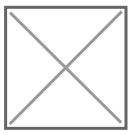
Specifications :

Payment Terms	L/C T/T Western Union
keyword	gummy manufacturing equipment,gummy bear manufacturing equipment,gummy making machine,gummy bear making machine,gummy manufacturing machine

Detail Introduction :

Gummy Manufacturing Equipment

Gummy Bear Manufacturing Equipment is a kind of advanced **Gummy Machine** for continuous production of different kinds of gummy bears, producing gummy bears with crystal, smooth, clear spray pattern stripes, stable amount and position of sandwich, good taste, etc., which fully meet the national food hygiene requirements and are well received by customers at home and abroad!



Process flow of Gummy Making Machine.

Dissolving sugar ? filtering ? boiling sugar ? adding additives ? pouring and molding ? cooling ? de-filming ? polishing ? drying room ? packing ? packing

About 2022 product specifications and the latest Gummy Manufacturing Equipment Price:

GUMMY MANUFACTURING EQUIPMENT PRICE				
Gummy Bear Making Machine Model	HQ-150	HQ-300	HQ-450	HQ-600
Standard output (KG/H)	100-150	200-300	300-450	450-600
Sugar quantity(g)	8-12	8-12	8-12	8-12
Pouring speed (n/min)	25-35	25-35	25-35	25-35
Environmental requirements	Temperature 20-25? Humidity 55%	Temperature 20-25? Humidity 55%	Temperature 20-25? Humidity 55%	Temperature 20-25? Humidity 55%
Power (KW/V)	18/380	27/380	34/380	38/380
Gummy Manufacturing Machine Length(m)	15	18	20	20
Gummy Bear Making Machine Price($)	260000	290000	320000	360000
The price of this **Gummy Bear Making Machine** is an upgrade price for 2022. Please contact our **Gummy Bear Making Machine** team				

Advantages of Gummy Bear Making Machine.

Advantages of Gummy Bear Making Machine.	
1	Flavor and color mixing system adopts a high-quality quantitative pump and dynamic mixer, the color of gummy bears is even after mixing.
2	**Gummy Bear Candy Machine** pouring head has been improved, precise dosing, easy and convenient operation.
3	Electric heating control of insulated hopper, accurate temperature control.
4	Cooling tunnel has been improved, good cooling effect and more accurate temperature control.
5	The molding machine is **Gummy Bear Candy Maker** with an innovative chain structure, with an ideal demoulding effect.
6	The cooling conveyor adopts a PVC belt, with a beautiful appearance, is easy to clean and maintain.

Performance of Gummy Bear Making Machine.

Performance of Gummy Bear Making Machine.	
Advanced	**Commercial Gummy Candy Maker** has a complete design team, regularly collecting feedback from past customers' usage and solving them, taking the initiative to find and improve the problems. We design the new **Gummy Bear Making Machine** according to the mainstream ideas of the customers with feedback problems.
Stability	PLC control system is used to drive the machine.
Safety	Adopt electronic real-time monitoring equipment, real-time monitoring of the allowed state, failure, or abnormalities to stop the operation and display the failure point and troubleshooting methods.
Functionality	12 automatic molding processes can be added to the program, and the production process can be changed with one key, and the change of process can be done by just entering the individual corresponding key.

Gummy Manufacturing Equipment gathers machine, electricity, and gas control in one, with reasonable and compact structure, high degree of automation, and production efficiency. As always, we will cooperate with the requirements of customers at home and abroad, and thank you for advanced technology, excellent service, and reasonable price, we sincerely look forward to your call!
