

Full Automatic Deposited Marshmallow Production Line, Cotton Candy Line

Specifications :

Payment Terms	L/C T/T Western Union
Keyword	Deposited Marshmallow Production Line, Marshmallow Production Line

Detail Introduction :

Deposited Marshmallow Production Line

Product Description

TMHT Series Full Automatic Deposited Marshmallow Production Line (Cotton Candy Line)
SINOFUDE is proud to develop the model TMHT600/900/1200D Full automatic deposited marshmallow production line that is a complete plant for continuously producing various kinds of cotton candies (marshmallow), which comes in a variety of colors and shapes. Alternative with depositor and extruder, the center filled marshmallow and twist type or carton shape multi color marshmallow can be made in the same line.

Full Automatic Deposited Marshmallow Production Line SPECIFICATIONS:

Model	TMHT600D	TMHT900D	TMHT1200D
Capacity (kg/h)	60~100	150~200	300~500
Depositing Speed (n/min)	15~45 (Deposited Type)		
Steam consumption (kg/h)	250	400	500
Steam pressure (kg/h)	0.2~0.6	0.2~0.6	0.2~0.6
Electric power needed	35kW/380V	45kW/380V	55kW/380V
Compressed air needed.	0.8m3/min	1m3/min	1.5m3/min
Compressed air pressure	0.6-0.8MPa	0.6-0.8MPa	0.6-0.8MPa
Gross weight (kg)	6000	8000	10000
Length of the line(m)	30	35	40
